Starting secondary school can be a daunting experience for our children. We, as parents, are also faced with many new challenges as our children transition from primary to secondary school.

The Parents' Council works in partnership with the school's management, staff and Board of Management to ensure that parents are informed and involved in various aspects of school life.

We are very fortunate in Glanmire Community College to have an active and energetic Parents' Council. The Parents' Council meets on a regular basis with a member of the School Management Team, in attendance. Parents are updated on the Board of Management minutes as well as other school activities. Parents are also given an opportunity to raise queries, concerns and suggestions. School management responds, and acts, where required. The Chairperson keeps parents updated on any feedback in relation to issues raised.

The Parents' Council also works with the school on a number of initiatives during the school year, such as the uniform bank sale where second-hand uniforms are sold at a nominal cost, assisting in the operation of the book rental scheme and also involvement in the annual TY School Musical.

The Parents' Council is an invaluable support to parents. We invite you to join and be a part of your child's secondary education. New members and ideas are always welcome!
